**CONSUMERS' BENEFIT COAL COMPANY.**—The undersigned, Trustees of the CONSUMERS' BENEFIT COAL COMPANY, having succeeded in making arrangements to procure the fees of the Audited Coffey, to fully compensate for the want of the full amount of transportation expenses for the present year, hereby entitling all shareholders of stock to receive interest of coal to shareholders as originally contemplated, believing that so beneficial and profitable an enterprise should not be abandoned and being urged by many shareholders to continue, they propose to complete the organization in a modified form as follows:

The capital stock will be \$50,000 shares of \$10 each, only one-half of which will be paid in, and the balance when the increased transportation facilities will enable the Company to deliver for each share one ton of coal per year, at cost of mining and transportation (which at present about \$10), and to sell at market price, as proposed in the former statement.

The amount of Coal that can be brought to market during this year from those mines will enable the Company to keep their ground in the market to deliver 100% of Coal for the number of shares still held, and the additional means in process of construction, to be completed within the year, will double that quantity.

If the present shareholders retain their Shares, the Company will be able to take immediate possession of the Mines, and deliver the coal to shareholders forthwith.

Our old and new shareholders are respectfully invited, and this enterprise is now more confidently recommended than as first submitted to the consideration of the public.

JOHN C. GODEFREY GUNTER, Mayor of New York.

CHARLES JENKINS, President of the New York Stock Exchange.

JOHN C. ANDERSON, Secretary Broadway and Seventh Streets, Railroad Company.
